DEWATERING SHAKER

Vibratory dewatering, screening, and sizing in one unit

Like Olney's Screening Reels, Olney by Tweet Garot Vibratory Shakers are used for dewatering, screening, and sizing. 24" and 48" widths are available, with a range of screen material options, giving processors the flexibility to choose hole size and configuration for their specific product. *Full stainless-steel or epoxy washdown shaker motors are available.

MULTI-FUNCTION DESIGN
Handles dewatering, screening, and sizing in a single vibratory unit.

BUILT TO YOUR LINE
Available in 24" and 48" widths to match your throughput and layout.

CONFIGURABLE SCREENS
A range of screen material options lets you dial in hole size and configuration for your product.

ACCESSORIES

- **Scalping screens can be added to remove husk and other EVM**
- **Stainless-steel floatation valve to control the water level in the supply tank**

COMMON APPLICATIONS

- **Dewatering**
- **Screening**
- **Sizing**

BUILT TO ORDER

Length, width, and screen configuration are sized to your application. Contact us at foodbeverage@tweetgarot.com to size a Shaker for your line.
