CUSTOM SCALE PLATFORMS

Engineered access and support platforms for your scale systems

Our platforms are custom engineered to support scale systems, hoppers, and processing equipment, designed to fit your exact footprint, load requirements, and facility layout. Structural framework is built from square tube in a range of sizes and customizable slip resistant coatings for each surface. Also included formed toe-kick, and code-compliant handrails. Every platform is available to ship with load calculations and PE-stamped drawings, if customer requires. Finished in stainless steel with smooth, continuous welds and a glass bead blast finish.

STRUCTURAL STEEL FRAME

Square tube, solid member or round framework meeting customer expectations. In 8"x8", 6"x6", and 4"x4" sizes with ¼" tread plate decking and continuous welds.

ENGINEERED TO YOUR LOAD

Load calculations and PE-stamped drawings, provided upon request, for every platform design.

STAIRS & ACCESS BUILT IN

Code-compliant stairs, handrails, and catwalks engineered to fit your layout and scale system.

COMMON APPLICATIONS

- **Equipment Access Platforms**
- **Scale Platforms & Scale Supports**
- **Batching Systems**

BUILT TO ORDER

Platform size, height, and access configuration are custom-engineered to your scale system and facility layout. Contact our team at foodbeverage@tweetgarot.com to design a scale platform for your line.

Line Card – Process & Fabrication

Conveying Systems

- Metal Detect / Inspection
- Incline & Transfer
- Accumulation Conveyors
- Washdown Duty Belts

Process Equipment

- Mix-and-Blend Systems
- Cluster Busters
- Cutters & Cubers
- Portioning Equipment
- Custom Process Skids

Custom Fabrication

- Platforms & Stairs
- Structural Steel
- Hoppers & Tanks
- Guarding & Enclosures
- Catwalks
- Equipment Frames

Sanitary Piping

- Tri-Clamp Piping
- Process Skids
- CIP Systems
- Washdown Fittings

Why Tweet Garot

Tweet Garot delivers purpose-built food and beverage processing equipment; engineered, fabricated, and serviced under one roof.
